

AURORA · LED DISPLAYS

Aurora LED screens

Australian LED engineering for signs and screens.

Aurora develops LED displays with local project realities in mind — cabinet designs, processing and control refined through Australian deployments, from outdoor advertising to venue screens.

PLATFORMS & ROOM FIT

Outdoor advertising LED · Venue & scoreboard screens · Indoor displays · Outdoor signage · Sport & venues

SPECIFICATIONS

Range	Outdoor and indoor LED across advertising, venue and scoreboard applications
Engineering	Ongoing innovation in cabinet design, processor operation and system control
Local fit	Product decisions shaped by Australian installation and climate realities

HOW FOCUS AV DEPLOYS IT

- Engineered like all our LED work: viewing-distance-driven pitch, certified structures, processing and content pipeline included.
