Autex Acoustics Vicinity™ Desk Screens

Acoustic privacy at desk level.

Vicinity desk screens put absorption exactly where open-plan noise starts — between people — cutting desk-to-desk chatter and giving workstations visual and acoustic breathing room.

PLATFORMS & ROOM FIT

Desk-mounted · Freestanding configurations · Open plan workstations · Call-heavy teams

SPECIFICATIONS

Performance	Absorption at voice height, where conversation actually travels between desks
Formats	Desk-mounted and freestanding screens in customisable sizes and colours
Material	Recycled PET acoustic fibre — pinnable, durable, sustainable

HOW FOCUS AV DEPLOYS IT

- Specified with the acoustic design as a whole — usually alongside masking and ceiling treatment in open-plan projects.
