

CISCO · VIDEO BARS

Cisco Room Bar Pro

Cisco's AI dual-camera bar for medium rooms.

Room Bar Pro puts Cisco's intelligent dual-camera system, three-channel audio and a serious compute engine in one bar — running Webex or Microsoft Teams natively for medium rooms with executive expectations.

PLATFORMS & ROOM FIT

Webex · Microsoft Teams Rooms · SIP interop · Medium rooms · 6–14 people

SPECIFICATIONS

Camera	Intelligent dual-camera system with AI framing, speaker tracking and cinematic close-ups of who's talking
Audio	Three-channel loudspeaker system and built-in mic array; external mics supported for deeper tables
Compute	Powerful onboard engine drives AI features and dual displays without an external codec
Platforms	Runs Webex or Microsoft Teams Rooms natively — one bar serves either estate
Control	Cisco Touch controller on the table; RoomOS smarts including people count and environmental sensors
Connectivity	Dual display out, USB-C passthrough for BYOD, rich peripheral options

HOW FOCUS AV DEPLOYS IT

- Platform decision first — Webex-native, MTR, or interop — mapped to your actual meeting traffic before hardware is quoted.
- Installed with the Touch controller, correct display geometry and audio verified in the room; external mics added where the table demands.
- Enrolled in Control Hub or Teams admin center with your IT team, documented and supported under Focus Care.

Supplied & installed in Perth by Focus AV — Solutions Focused.
