

CRESTRON · SCHEDULING PANELS

Crestron TSS Scheduling Panels

Enterprise room booking, at every door.

TSS scheduling panels put live room status and instant booking at the door, with the enterprise management, security and platform breadth that large estates standardise on.

PLATFORMS & ROOM FIT

Microsoft 365 / Teams · Google Workspace · Major booking platforms · Every bookable space · 7" and 10" formats

SPECIFICATIONS

Booking	See status, book now, extend or end — straight from the door, synced to the room calendar
Visibility	Status light bars readable down the corridor; optional hallway signs for wayfinding
Platforms	Native integration with Microsoft 365, Google Workspace and leading booking systems
Management	Estate-wide deployment and monitoring through Crestron's management cloud — hundreds of panels, one console
Install	PoE single-cable, mounts for glass, wall and mullion

HOW FOCUS AV DEPLOYS IT

- Rolled out fleet-scale with your calendar platform — resource accounts, policy and provisioning engineered once, repeated everywhere.
- Paired with occupancy data where auto-release and utilisation reporting are wanted.
