

LOGITECH · USB CONFERENCE CAMERAS

Logitech MeetUp 2

The BYOD bar that plugs into anything.

MeetUp 2 is the USB-first answer for huddle rooms: 4K AI camera, beamforming mics and speakers in one compact bar that works with whatever laptop and platform walks in the door.

PLATFORMS & ROOM FIT

USB-C to any platform · BYOD-first · Works with Teams, Zoom, Meet, Webex · Huddle & small rooms · 2–6 people

SPECIFICATIONS

Camera	4K AI camera with RightSight auto-framing in a compact fixed bar
Audio	Beamforming mic array with AI noise suppression and full-range speaker
Connection	Single USB-C to the laptop — the room joins whatever meeting the laptop is in
Management	Logitech Sync remote management even in BYOD mode

HOW FOCUS AV DEPLOYS IT

- Specified for BYOD and visitor spaces; installed with dressed USB-C table access and Sync enrolment.
