

LOGITECH · VIDEO BARS

Logitech Rally Bar

The benchmark all-in-one bar for medium rooms.

One bar under the display: 4K camera with 15x zoom, AI framing, room-filling audio and one-touch Teams or Zoom. Rally Bar is the room system we deploy more than any other — because it just works.

PLATFORMS & ROOM FIT

Microsoft Teams Rooms · Zoom Rooms · USB / BYOD · Medium rooms · 6–12 people · Wall, table or TV mount

SPECIFICATIONS

Camera	4K sensor with 15x HD zoom and motorised pan/tilt — everyone readable, even at the far end of the table
Framing	RightSight AI auto-framing keeps every person in shot as people join, move and leave
Audio	Integrated low-distortion speakers and adaptive beamforming mics; add up to three Mic Pods for deeper tables
Platforms	Runs Microsoft Teams Rooms or Zoom Rooms natively on-device (no PC in the room), or USB to any laptop
Control	Pairs with Logitech Tap / Tap IP for one-touch join and calendar on the table
Management	Logitech Sync remote monitoring — we watch fleet health under Focus Care

HOW FOCUS AV DEPLOYS IT

- We match the bar to the room, not the other way around — Rally Bar suits medium rooms; smaller spaces get Rally Bar Mini or Huddle, boardrooms step up to Rally Plus.
- Every deployment includes the Tap controller, correct display mounting height, cable dressing and a tuned audio check against the room's real acoustics.
- Deeper or glassier rooms get Mic Pods placed where voices actually are — the difference between hearing the meeting and attending it.
- Enrolled in Logitech Sync and supported under Focus Care: firmware, monitoring and a Perth number to call.

Supplied & installed in Perth by Focus AV — Solutions Focused.
