

LOGITECH · ECOSYSTEM PAIRINGS

Logitech + Shure

Logitech video, Shure audio — the premium room recipe.

The pairing behind our most demanding rooms: Logitech's certified video and compute with Shure MXA ceiling audio replacing the bar's mics — big-room sound without leaving the certified Teams/Zoom world.

PLATFORMS & ROOM FIT

Microsoft Teams Rooms · Zoom Rooms · Large rooms & boardrooms · Clear-table designs

SPECIFICATIONS

Video & compute	Rally Bar or Rally Plus + RoomMate running certified Teams or Zoom
Audio	Shure MXA901/902/920 ceiling arrays carry capture (and playback with the 902) from above
Integration	Certified signal paths keep the room one-touch while the audio goes reference-grade
Tracking	MXA talker data can drive camera tracking in advanced multi-camera builds

HOW FOCUS AV DEPLOYS IT

- Designed room-by-room: array coverage mapped to seats, DSP bridged to the room compute, commissioned by ear and meter.
