

NEAT · VIDEO BARS

Neat Bar Pro

Neat's big-room bar — three screens, serious optics.

Neat Bar Pro scales the Neat philosophy to larger rooms: an advanced multi-sensor camera system, room-filling audio and support for up to three displays, still in one elegantly minimal device.

PLATFORMS & ROOM FIT

Microsoft Teams Rooms · Zoom Rooms · Medium-large rooms · Up to 3 displays

SPECIFICATIONS

Video	Advanced multi-sensor camera with wide coverage and genuine zoom reach for deeper rooms
Audio	Expanded speaker and microphone array engineered for larger spaces
Displays	Drives up to three screens — gallery, content and speaker views simultaneously
Companion	Pairs with Neat Center for face-on framing of everyone at the table
Control & sensing	Neat Pad control plus built-in environmental and occupancy sensing

HOW FOCUS AV DEPLOYS IT

- Specified for medium-to-large rooms in Neat-standard fleets; three-screen layouts designed to the room's sight-lines.
- Neat Center added where the table is deep enough that face-on framing changes the meeting.
