

NEAT · VIDEO BARS

Neat Bar

Scandinavian simplicity for small and medium rooms.

Neat Bar packs elegant design, superb auto-framing and honest audio into a compact bar for rooms of up to ten — running Zoom or Teams natively, with the Neat Pad controller included in the experience.

PLATFORMS & ROOM FIT

Microsoft Teams Rooms · Zoom Rooms · Small–medium rooms · Up to 10 people · Supports dual screens

SPECIFICATIONS

Video	Wide-angle camera with Neat's auto-framing keeping everyone naturally in shot
Audio	Full-range speakers and beamforming mics tuned for small-room honesty
Displays	Drives one or two screens — people on one, content on the other
Control	Neat Pad on the table for one-touch join, doubling as a scheduling panel at the door
Sensing	Built-in air quality, humidity and occupancy sensors feed workplace analytics

HOW FOCUS AV DEPLOYS IT

- Deployed native to Teams or Zoom with the Neat Pad as table controller or door scheduler — often both.
- The design-led choice where the hardware will be visible and judged — architect-led fit-outs approve Neat more than anything else we quote.
