

LOGITECH · TEAMS ROOMS BUNDLES

Logitech Tap Rally Bar – MTR

Rally Bar + Tap, certified for Microsoft Teams.

The complete Microsoft Teams Room in one certified bundle: Rally Bar on the wall, Tap on the table, no PC in the room — the exact kit we deploy for most Perth Teams Rooms.

PLATFORMS & ROOM FIT

Microsoft Teams Rooms · Medium rooms · 6–12 people

SPECIFICATIONS

In the bundle	Logitech Rally Bar (4K camera, 15x zoom, speakers, beamforming mics) + Tap touch controller
Certification	Microsoft Teams Rooms on Android certified — one-touch join, calendar, dual-screen support
Compute	Teams runs natively on the bar — no room PC to patch, secure or hide
Expansion	Add Mic Pods for deeper tables, Tap Scheduler at the door, Sight for the centre-of-table view
Management	Teams admin center + Logitech Sync — IT sees every room from one place

HOW FOCUS AV DEPLOYS IT

- Deployed with your Microsoft 365 tenancy: room resource accounts, Teams Rooms licensing and admin center enrolment done with your IT team, documented at handover.
- Physical install includes correct display height, concealed cabling and audio verification in the actual room.
- Most fleets add Tap Scheduler at the door for booking sanity — same look, same platform.
