Rally Ultra HD PTZ Camera for Meeting Rooms

The PTZ workhorse of modular Rally rooms.

The Rally Camera is Logitech's standalone Ultra HD PTZ — 15x HD zoom, motorised precision and RightSight framing for the modular rooms, lecture spaces and multi-camera designs a fixed bar can't cover.

PLATFORMS & ROOM FIT

Rally Plus / RoomMate systems · USB deployments · Large rooms & lecture spaces · Multi-camera designs

SPECIFICATIONS

Imaging	Ultra HD sensor with 15x HD zoom — faces, not silhouettes, at lecture-room depth
Movement	Smooth motorised pan/tilt/zoom with preset positions for repeatable shots
Framing	RightSight auto-framing keeps groups composed without an operator
Role	The camera element of Rally Plus systems; also deploys standalone over USB

HOW FOCUS AV DEPLOYS IT

- Positioned and preset to the room's real sight-lines; integrated into Rally Plus, USB or automated multi-camera designs.
